Prep steps and tips for this week

Here's your checklist to help you prepare for the week:

- 1. Swap meals to suit your preferences.** If you don't like a particular meal, go to your [Meal Plan](#) and click the "Swap" button to select a different recipe.
- 2. Shop for all the ingredients.** Review the [Grocery List](#) at the end of this PDF or on the website. Adjust the list to cater for your family and needs. Check off items you already have.
- 3. Freeze banana for the Banana bran smoothie*.** You can purchase frozen banana or freeze them yourself. Frozen banana in smoothies adds a nice creamy texture.
- 4. Prepare your fruits and vegetables.** Wash, chop, shred and slice any fruits and vegetables you need for your meals and snacks this week and store them in separate airtight containers in the fridge. Alternately, you can buy pre-packaged cut fruit and vegetables at most supermarkets.
- 5. Get a head start on lunch the night before.** Toast the pita bread and chop the vegetables for the Tuna salad with pita chips*. Cook the rice, chop the vegetables and make the basil-sesame dressing for the Sesame beef salad*. Make a double batch of the chicken avocado filling for the Basil chicken pita pocket*. Roast the vegetables for the Roasted vegetable pizza*. This allows you to simply assemble quick-and-easy lunches the next day.
- 6. Cook once, eat twice.** When preparing your breakfasts and dinners, make a double batch of the recipes that appear twice. Store the second serving in an airtight container in the fridge for a quick reheat-and-eat meal later in the week.
- 7. Dried mixed herbs.** If you're unable to find the premixed seasoning blend in the supermarket, you can make your own using this recipe ([Dried mixed herbs](#)).
